L370HD PH

The Dump series include a range of models, all designed to meet your specific needs. Slide in ramps make these trailers ideal for loading and hauling your equipment, and store conveniently under the trailer when not in use. The two-way tailgate features a rear double door and spreader gate, allowing for fast unloading of your materials, or a more controlled flow if you prefer. The versatility and convenience of these trailers give you maximum control and the ability to use the product as a handy dump trailer or a flat deck trailer with complete ease.
